Subject: Customer Opinion

Hi Jen:

I just wanted to take a few minutes to write some feedback on my experience with Landmark builders and the work your company completed for us this year. Landmark built my dream garage/ shop with a concrete laneway this year and at the same time of the year they also installed a new steel roof on our home. To say that I was impressed with the quality of the design, work, work crews, others involved and the finished product covering the entire process would be an understatement. The quality of the people that work at Landmark and the quality of the finished products delivered to us this year were beyond belief and of the highest quality imaginable. I want to say thank you to your entire team and would especially like to thank Rick Plantt, Ron Ahrens, Mark Webb, Jen Procknow and especially "wild" Bill Procknow for all of their hard work and efforts that were put into our project here in Kincardine. I have been extremely pleased with everything you guys have done for us this year and I will be sending any further construction business your way because I do not believe there is any other company out there who can deliver on planning, quality, time, workmanship and customer satisfaction like you guys do. If I have missed someone it is not intentional so please pass on my thanks to them also. Thanks again especially to Rick and "wild" Bill; you guys are truly professionals. Sincerely,

George D Guerette
